

FITTING GUIDE

Necklaces

At SETARÉ Diamonds, we would like to ensure your necklace is the perfect fit.

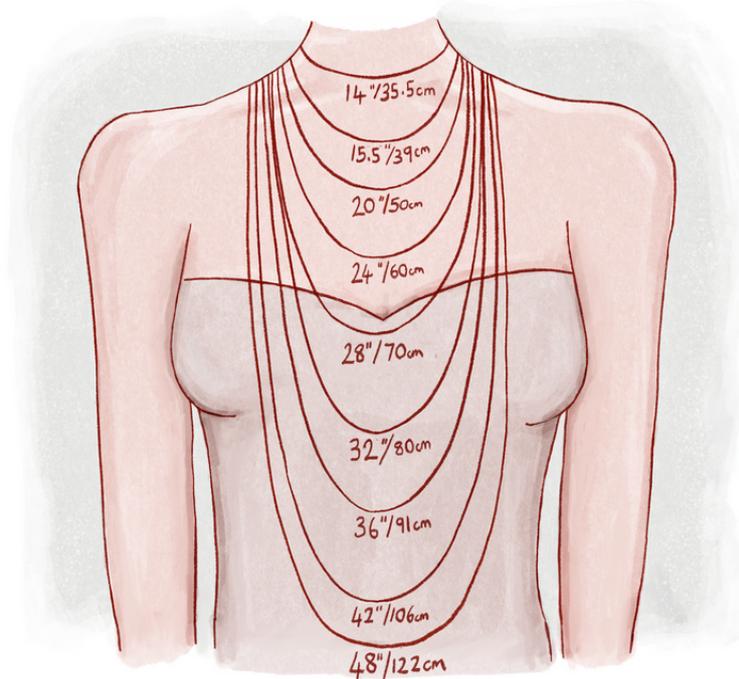

Visiting a jewellery professional will always provide the most accurate measurement but this guide offers the next best solution.*

Choosing a Length

Deciding on a necklace length depends on several factors including height, body type, bone structure, outfit choice and personal preference.

Our standard-length measures 15 ½" and is a popular choice, but our advice is to try on an existing necklace in your collection to establish your preferred length.

Using a measuring tape, record the length from end to end including clasp.

If you would like in-person assistance, please visit our salon at The Mandarin Oriental Hotel in Hong Kong for our complimentary measuring service.
